

## MY STORY

I stumbled into development and discovered it was the one thing I'd been searching for all along. Coding is an exciting field to me because there's always something new to learn. I have a growth mindset, a passion for learning, and an eagerness to contribute to and embrace the world of development.

# ADELAIDE YODER

## FULL STACK SOFTWARE DEVELOPER

## WORK EXPERIENCE

### Nashville Software School, Full Stack Software Developer

MAY 2018 - PRESENT

Intensive full-time software development bootcamp focusing on full stack development fundamentals and problem solving. The final half of the program executed in a simulated company environment with Scrum methodology.

- Hands on application of OOP fundamentals through group and individual projects
- Source code version control with Git/GitHub
- Project management/tracking with Github Projects & Issue Tracking
- JavaScript fundamentals leveraging DRY, modular, readable code and reusable components
- Task Automation with Grunt: Linting with ESLint, module bundling with Browserify
- Application design through white boarding dependencies and building ERD's
- Built browser-based single page applications using React, HTML, CSS and jQuery
- Styled applications with CSS Frameworks, Bootstrap, and wrote custom styles as needed
- Leveraged VirtualBox for virtualizing a Windows environment
- Created and modified database design/content using SQL, ASP.NET, and ORM tooling
- Created RESTful APIs with C#/.NET using WebAPI
- Leveraged Razor for creating and editing MVC applications

## PROJECTS

### Client Side Capstone: Weekly Meal Planner

- Responsive CRUD application for people to use to plan their weekly meals.
- Built in ReactJS using JSON server,

### Server Side Capstone: Coming Soon!

### Earl Swensson Associates, Administrative and Marketing Team / Reception

FEBRUARY 2014 - MAY 2018
